MEMCRANDUM FOR: Deputy Director (Support)

ATTENTION: Special Support Assistant, DD/S

SUBJECT:

H.R. 4941 - Foreign Service Act Amendments of 1955

1. Attached is a copy of subject Bill which was signed into law by the President on 6 April 1955. Of particular concern are certain sections of the Bill which are discussed briefly below:

- a. Section 10(a) is related to transfer allowances, and the amendment permits transfer allowances to be paid upon transfer to the United States. Previously such allowances could only be paid abroad.
- b. Section 10(b) authorizes an allowance for educational costs for dependents of employees. The language in this section is somewhat broader than the similar provision in H.R. 3819, which is the Corbett "Overseas Allowance Act of 1955."
- e. Section II authorises travel expenses of dependents to and from the United States to obtain secondary or college education. There is a similar provision in the Corbett Bill, but again, the Foreign Service provision is somewhat broader.
- d. Section 12 specifically authorizes physical examinations and innoculations for dependents. Section 943 of the Foreign Service Act of 1946, as smended, is emended by this section. That section of the Foreign Service Act is substantially similar to Section 5(a)(5)(D) of P.L. 110. Although such services have been made available to dependents, there is still some uncertainty as to the technical correctness. Therefore, this section would clarify the matter.
